

### Our fiscal year ends with a bang

Dear friends,

Our fiscal year is closing with a bang (and you thought it was 4th of July fireworks)!

As I type, we are heading to the closing table with two new homebuyers and by the time you read this, there should be two more. In case you are counting, this is homebuyer numbers 234, 235, 236, and 237! THANK YOU for supporting our work; YOU make this happen.

Speaking of support, donations to the ReStore and shopping the ReStore are terrific ways to help us build homes for deserving, hardworking families. Learn more [HERE](#).

Do you follow the ReStore on social media? If not, you are late to the party! Sometimes people will call and buy an item over the phone. Check us out on [Facebook](#) and [Instagram](#).

*Kelly*

### It's a Doubleheader!

Our newest homebuyers, Carling (left) and Jaqueline (right), closed on their new homes, back-to-back, on the same day! The ladies are pictured here with our own Kelley Sims, programs and operations, and Bailey Noland, director of community development with the city of North Little Rock. Kelley is our most tenured employee; she has been doing this for 14 years and says it never gets old. Congratulations, Carling and Jaqueline!

### Learning by Doing

Andrea Newton, construction and community outreach, and our summer intern, Dev, participated in the [Quapaw Quarter Association](#) Great Unveiling Siding Workshop at the historic Ernest Green House at 1224 W. 21st Street in Little Rock!

Old aluminum siding was removed and the original siding was repaired and restored. Trim was replaced, old paint was removed, then the house was prepped and painted. What a transformation!

### UMC Apostles Build Update

The Apostles Build project is now in the dry. A huge THANK YOU to [GAF Roofing](#) for donating the shingles and to Troy, Andrew, and the whole gang at [Little Rock Roofing](#) for their hard work installing them on our Apostles Build house.

The mechanical subcontractors – plumbing, electric, and HVAC – are busy on the inside now. Next, we will install insulation and drywall. United Methodists don't only have heart, they have muscle! 😊 Have you wondered how this project came to be? Click above to watch the video.

## Habitat Faces

### Meet Our Summer Intern

Dev Patel is a 2020 Little Rock Central High graduate and is a rising junior at University of Richmond.

Dev is a political science and pre-med major who is interning through the [Bonner Scholars Program](#). He's working in all areas of our organization, including the administrative offices, the ReStore, and with our construction team so that he will have a comprehensive understanding of our organization.

Dev loves to play golf, hang out with his friends and to eat at Subway and Chipotle!

## Upcoming Events

-

Sunday, April 28, at 3 p.m.

Mark your calendar for our fourth annual BAGGO, Brats N' Blues fundraising event. You can't say we didn't give you the date far enough ahead!

### There's Still Time to Make an Impact

This fiscal year, we have transformed the dreams of six deserving families into reality. Each home we built represents a fresh start, a place where children can thrive, and where hope can flourish. We are humbled and inspired by the profound impact these homes have on the lives of the families we serve.

We have set our sights *even higher* for the next fiscal year. Our ambitious goal is to build **TEN HOMES**, almost doubling our impact and reaching even more families in need. With your continued support, we can make this vision a reality.

Your donation can make a tangible difference, bringing us one step closer to providing a hand up for those who desperately need it. Whether it's a small monthly contribution or a one-time gift, every dollar counts and helps us transform lives. **Will you consider donating by June 30th to help?**
